

List of Attendees (in person and via web conference)
Pre-Proposal Workshop
January 7, 2009

PON-08-005

**Combined Heat and Power and
Combined Cooling, Heating and Power Grant Solicitation**

John Mathias, CEC
Fernando Pina, CEC
Valentino Tiangco, CEC
Prab Sethi, CEC
Golam Kibrya, CEC
Art Soinski, CEC
Jennifer Allen, CEC
Sarah William, CEC
Allan Ward, CEC
Ken Koyama, CEC
Michael Langley, CEC
Angela Layton, CEC
Darren Nguyen, CEC
Pramod Kulkarni, CEC
Gail Wiggett, CEC
Gerardo Diaz, UC Merced
David DeYoung, Advanced Power
Carlo Castaldini, CMCE
John Kelly, Altex
Susan Patterson, GTI
Brandon Blizman, Makel Engineering
Paul Beck, BluePoint Energy
Dick Good, Ameresco
Jim Halloran, Caterpillar
Eric Wong, Cummins
Carlo Treves, Treves Group
Rabindra Pokhrel, Santa Clara University
Scott Samuelson, UC Irvine
Jack Brouwer, UC Irvine

Peter Loftus, Environ
Daniel Patry, PG&E
Anthony Marchese, Colorado State
University
Kai Wang, University of Maryland
Jim Warden
Richard Hack, UC Irvine
Leslie Weise, Cool Energy, Inc.
Bernie Lehnoff
Keith Davidson, DE Solutions
Charles Toca
Per Suneby, Liquid Piston
Jeffrey Stroh, Makel Engineering
Steve Gillette, Capstone
Beth Vaughan
John Hake, EBMUD
Art Rivera
Mike Moore
Greg Booth
James Smoot
Mark Rawson, SMUD
Charles He
Richard Halvorson
Mark Capron, Ventura Reg. Sanitation
District
Lynne Roselli, Sonoma County Water
District
Randy Grow
Rob Davis, EPS

Dharam Punwani, Avalon Consulting
Brian Hightower
Ron Wolk
RP Soka
Laura Cashion, Inland Empire Utilities
Agency
Reza Baraty

Greg Stevens, AESC
John Kemp, John Kemp Associates
Alina Kulikowski-Tan, Carbon Capture Corp.
Barbara Kruntorad, UTC Power
Darrell Johnson, Semptra
Robert Richardson

Comments

Ventura Regional Sanitation District could be a platform for a heat exchanger demo. We want to capture the exhaust heat from gas turbines to heat oil. The hot oil is currently heated to 400 degrees F and used to dry wastewater biosolids. Please contact Mark Capron at (805) 658-4606.
